Mindy,

Thank you for the quick follow up. Please have the working meeting on Monday (9-23) schedules permitting. I am available tomorrow after 2:00.

Thanks,

pb

Hi Patrick,

Thanks for your email and for the phone conversation just now. We had a big meeting this morning discussing these very issues and prioritizing this wrap-up of the DEIR. We have a sense of urgency on our side also. As I mentioned on the phone, we think another working meeting is needed by this time next week, which Ashley will be setting up. And we are meeting with you tomorrow afternoon to go over our action plan.

See you tomorrow!

Hello Ashley and Mindy,

I am seriously concerned about the lack of reciprocation and the ability to push this document to completion. This spreadsheet is a tool being used by Soitec Corporate to track the progress on an already behind schedule portfolio of projects. It is very important that we get this EIR out for public review the first week of October. We need to have an emergency meeting to discuss a recovery plan and how we will pull resources together to push this document out. Please call me to discuss or provide a meeting invite for tomorrow afternoon.

Patrick

Hi Ashley,

As of yesterday all of the revised chapter 2 sections and accompanying technical reports have been submitted to the County for final review. Since sections and reports have been sent over individually, I combined all them onto a FTP site for you and other County staff to have access to them all in one place. Directions for accessing the FTP site are attached. Please let me know if you have any technical difficulties and we can help resolve them.

Below is a summary of when sections and reports were submitted and when we anticipate receiving County comments/acceptance of our revisions. As you can see, a number of reports and sections have been with the County for longer than the 14-day review period and some have now been in for over a month. We are concerned that we are not receiving any comments back from you.

Is there a time when you and Mindy are available today or tomorrow when we could talk to devise a strategy for keeping this EIR moving forward?

Thanks,

Megan
